

# CAREGIVERS,

**Your teen is invited**

to participate in a new research project about improving tools to support the use of effective services in schools.

## WHAT IS THIS STUDY ABOUT?

This research project is interested in understanding **how to improve tools to support use of effective autism services.**

## WHO IS ELIGIBLE?

Youth (11-22 years old) receiving **educational services for autism.**

## WHAT IS INVOLVED?

A **one-time focus group** about their experience receiving services and providing feedback on a tool to support practice use.

## WHAT ARE THE BENEFITS?

Your teen may help us improve school services and will receive **compensation for participation.**
